Product Summary for TPD on Secure Flexi Term (To Age)
Version 1.0

This insurance plan is underwritten by AIA Singapore Private Limited (Reg. No. 201106386R) ("we, our, us, AIA Singapore").

TPD on Secure Flexi Term (To Age) is a non-participating supplementary benefit which provides financial protection if the Insured becomes totally and permanently disabled before age 70. This benefit accelerates the payment of the Insured Amount of the basic policy. This supplementary benefit will have the same premium term payable as the basic policy.

You may also choose to integrate this supplementary benefit with AIA Vitality which gives you an upfront premium discount and future Vitality Status-dependent premium discounts.

Product Benefits

1. Total and Permanent Disability Benefit

In the event of TPD of the Insured before the policy anniversary occurring on or immediately following the Insured's 70th birthday, we will pay, in one lump sum, the death benefit under this basic policy.

The TPD Benefit is an accelerated benefit that accelerates the death benefit of the basic policy.

Your policy will automatically terminate once the death benefit is accelerated in full.

Before the policy anniversary occurring on or immediately following the Insured's 65th birthday, TPD means the Insured is not capable of doing or carrying out any work, occupation or profession, to earn or obtain any wages, compensation or profit. Such disability must continue uninterrupted for at least 6 consecutive months and there is no possibility of improvement for an indefinite time. This is not applicable to juvenile.

From the policy anniversary occurring on or immediately following the Insured's 65th birthday, TPD means the Insured is not capable of performing at least 2 of the following 6 Activities of Daily Living even with the aid of special equipment, and always to require the physical assistance of another person throughout the entire activity. Such disability must continue uninterrupted for at least 6 consecutive months and there is no possibility of improvement for an indefinite time.

"Activities of Daily Living" are:

(a) Transferring: the ability to move from a bed to an upright chair or wheelchair and vice versa
(b) Mobility: the ability to move indoors from room to room on level surfaces
(c) Toileting: the ability to use the lavatory or otherwise manage bowel and bladder functions so as to maintain a satisfactory level of personal hygiene
(d) Dressing: the ability to put on, take off, secure and unfasten all garments and as appropriate, any braces, artificial limbs or other surgical appliances
(e) Washing: the ability to wash in the bath or shower (including getting into and out of the bath or shower) or wash satisfactorily by any other means
(f) Feeding: the ability to feed oneself once food has been prepared and made available

However, any of the following conditions* will be immediately recognised as TPD (applicable to juvenile as well):
(i) total and irrecoverable loss of sight of both eyes; or
(ii) loss by complete severance or the total and irrecoverable loss of use of 2 limbs at or above the wrist or ankle; or
(iii) total and irrecoverable loss of sight of 1 eye; and
    a. loss by complete severance of 1 limb at or above the wrist or at or above the ankle; or
    b. total and irrecoverable loss of use of 1 limb at or above the wrist or at or above the ankle.

*If the Insured is a juvenile, we will only admit these conditions as TPD.

An Insured will be considered a juvenile until such time he:
(a) reaches the age of 16 and he is gainfully employed or self-employed; or
(b) attains the age of 21,
whichever is earlier.

Besides other underwriting limits applicable to this plan, this benefit is also subject to the TPD per life limit of S$7,500,000 (aggregated with other policies or riders issued on the same life). For policies issued in other currencies, a conversion rate as determined by the company will apply.

Term of This Supplementary Benefit

The term of this supplementary benefit will be the shorter of:

(a) the term of the basic policy; or
(b) the number of years from the date of issue of this supplementary benefit to the policy anniversary occurring on or immediately following the Insured's 70th birthday.

2. Conversion Privilege

If you exercise the Conversion Privilege of the basic policy, you may convert this supplementary benefit to another supplementary benefit offering equivalent or similar cover (as determined by us), (and forming part of the policy converted from the basic policy), which we make available for conversion from time to time at our absolute discretion, without further medical underwriting up to the current Insured Amount provided that:

(a) this supplementary benefit and the basic policy are in force on the date of your request for conversion and continue to be in force on the day before the date on which conversion takes effect;

(b) there is no overdue premium for this supplementary benefit and/or the basic policy as at the date of your request for conversion and up to the day before the date on which conversion takes effect;

(c) no claim on the Insured has been reported on your policy;

(d) your request for conversion is made and any resulting conversion takes effect, on or prior to a policy anniversary of the basic policy prior to the Insured's 70th birthday, or 5 years before the expiry date of this supplementary benefit, whichever is earlier;

(e) we receive and approve the application for the new policy; and

(f) we receive and accept payment of the premiums of the new policy, which premium shall be determined according to the rates then applicable for the age of the Insured as at the date on which conversion takes effect.

Conversion to a policy with less than the current Insured Amount is allowed, subject to the minimum insured amount of the converted policy. This supplementary benefit will continue to be in force with the remaining Insured Amount provided that the basic policy remains in force. If the remaining Insured Amount does not meet our minimum Insured Amount or minimum premium amount requirements, this supplementary benefit will be terminated.

Conversion is not allowed during the TPD Period.

If this supplementary benefit is computed and issued on a non-Standard Life basis, the premium for the converted policy will also be computed on a non-Standard Life basis.

<u>Key Product Provisions:</u>

1. General Exclusions

There are certain conditions under which no benefits will be payable. These are stated as exclusions in the supplementary agreement. The exclusions for this supplementary benefit include, but are not limited, to the following conditions. You are advised to read the supplementary agreement for the full list of exclusions.

This supplementary benefit shall not cover any TPD caused directly or indirectly, wholly or partly, by any one or more of the following occurrences:

(a) deliberate acts that endanger oneself:
  (i) violation or attempted violation of the law; and
  (ii) suicide or attempted suicide or intentional self-injury, and exposing oneself to exceptional danger (except in an attempt to save human life), whether sane or insane;

(b) engaging in or taking part in air, military or naval service in time of declared or undeclared war or while under order for warlike operations or restoration of public order; or

(c) entering, operating, or servicing, riding in or on, ascending or descending from or with any aerial device or conveyance (except where the Insured is in an aircraft operated by a commercial passenger airline on a regular scheduled passenger trip over its established passenger route or by the Republic of Singapore Air Force).

2. Payment of Premiums

The premiums for this supplementary benefit are payable for as long as it is in force. The premium rates are guaranteed and will remain unchanged for the duration of the policy term, so long as the required premium is paid and received by us on or before the end of the grace period of 31 days from the premium due date.

3. Premium Adjustment Due To Integration of AIA Vitality (for AIA Vitality integrated plan only)

The premiums for this supplementary benefit that is integrated with AIA Vitality will be equal to the premium before any adjustment due to integration of AIA Vitality multiplied by Cumulative Premium Percentage.

If this supplementary benefit is issued on a non-Standard Life basis, any extra premiums due to an extra mortality/morbidity rating will not be subject to the premium adjustment due to the integration of AIA Vitality.

Cumulative Premium Percentage is the percentage applied at the inception of this supplementary benefit or at each policy anniversary beginning from the first policy anniversary.

Cumulative Premium Percentage applied at the inception of this supplementary benefit = 95%

Cumulative Premium Percentage applied at each policy anniversary beginning from the first policy anniversary = Cumulative Premium Percentage applied at the inception of this supplementary benefit or the policy anniversary immediately before the current policy anniversary (whichever is later) + Annual Premium Adjustment Percentage applied at the current policy anniversary

Annual Premium Adjustment Percentage is the percentage applied at each policy anniversary beginning from the first policy anniversary. The Annual Premium Adjustment Percentage applied will be based on the Insured’s Vitality Status as at 45 days before the relevant policy anniversary.

Vitality Status	Annual Premium Adjustment Percentage
Bronze	+2%
Silver	+1%
Gold	-1%
Platinum	-2%

If the Insured does not have a Vitality Status as at 45 days before any policy anniversary due to termination of the Insured’s AIA Vitality membership, the Cumulative Premium Percentage applied at that policy anniversary shall be equal to 100%.

The Cumulative Premium Percentage applied at any policy anniversary shall not be more than the Maximum Cumulative Premium Percentage and shall not be less than the Minimum Cumulative Premium Percentage as stated below.

Minimum Cumulative Premium Percentage	**85%**
Maximum Cumulative Premium Percentage	**100%**

4. Termination

This supplementary benefit shall automatically terminate on the earliest occurrence of the following:

(a) if any premium on this supplementary benefit or the basic policy remains unpaid at the end of the grace period of 31 days from the premium due date;

(b) if the basic policy is terminated;

(c) upon expiry of this supplementary benefit;

(d) if this supplementary benefit is converted to another supplementary benefit after you have exercised your Conversion Privilege and the remaining Insured Amount (if any) does not meet our minimum insured amount and minimum annual premium requirements;

(e) on the date of commencement of TPD;

(f) on the policy anniversary occurring on or immediately following the Insured's 70^{th} birthday; or

(g) upon our receipt of your written request to terminate this supplementary benefit.

Important Notes:

All insurance applications are subject to our underwriting and acceptance. Submission of an application and payment of premium does not constitute and should not be construed as acceptance by us. We reserve the right to withdraw the plan or reject applications, at anytime or for any reason without notice.

This product summary does not form a part of any contract of insurance. It is intended only to be a simplified description of the product features applicable to this supplementary benefit and is not exhaustive. The contents of this product summary may vary from the terms of cover eventually issued. Please refer to the actual supplementary agreement for all terms and conditions, including exclusions whereby the benefits under your policy may not be paid out. You are advised to read the supplementary agreement. For the avoidance of doubt, only the terms and conditions as set out in the supplementary agreement will bind the parties.

As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid. You should consider carefully before terminating the policy or switching to a new one as there may be disadvantages in doing so. The new policy may cost more or have fewer benefits at the same cost.
